

Save with Keystone HMO Proactive

Lower monthly
premiums and more
ways to save

Keystone HMO Proactive health plans are our most popular for good reason: You have access to high-quality care and can save money.

Keystone HMO Proactive health plans use a tiered network, so you pay less in monthly premiums. You have access to our entire network of doctors and hospitals, but you can lower your out-of-pocket costs when you use Tier 1 – Preferred providers.

Here's what you need to know

- You pay the lowest out-of-pocket costs when you use doctors and hospitals in Tier 1 – Preferred.
- You will select a primary care physician (PCP) to coordinate your care and refer you to specialists. Using a Tier 1 – Preferred PCP can keep your out-of-pocket costs lower when you need care.
- You can visit any doctor or hospital in the Independence Blue Cross network once you have a referral. You won't need a referral for OB/GYN appointments, mammograms, mental health, or emergency care.
- Some services cost the same across all tiers — like preventive care, emergency room visits*, and urgent care.
- You can visit Tier 1 providers for some covered services and Tiers 2 or 3 for others.
- For some services, like surgery, you'll pay out-of-pocket costs for both the facility where it's performed and the doctor who performs the surgery. To save the most, make sure both are in Tier 1 – Preferred.

Visit ibx.com/findadoctor, and select *Keystone HMO Proactive* under Your Plan to find Tier 1 providers and save.

MORE THAN
50% of in-network doctors and hospitals are in Tier 1 – Preferred

\$	Tier 1 – Preferred
\$\$	Tier 2 – Enhanced
\$\$\$	Tier 3 – Standard

See the back for a list of Keystone HMO Proactive hospitals by tier.

*If you are admitted to an in-network hospital from the emergency room, the cost-sharing for inpatient hospital care, including medical care provided by an in-network professional provider, will apply based on the tier of the in-network hospital or in-network professional provider. If a member is admitted to an out-of-network hospital following an emergency room admission, the Tier 3 – Standard level of benefits will apply. For non-emergency care, members must use in-network providers.
