

2026 Blue Solutions® Portfolio Implementation Guide

The chart below outlines 2026 updates for small group (2 – 50) customers.

Benefit	Description	New to Blue Business (2026 Portfolio)	Renewal/Existing Business
Rx retail 90 expansion	Members can now get their 90-day supply of maintenance medications at any CVS pharmacy or through mail order/home delivery for the same cost-share.	All plans effective January 1, 2026, and later	All plans beginning August 1, 2025
Brand over generic prescription drugs	This is a formulary approach. Drugs are placed on the generic tier and the generic versions on the non-preferred tier, strategically managing against the generic in favor of the brand.	All plans using the Value formulary effective January 1, 2026, and later	All plans beginning January 1, 2026
Ovia Health	Member access and use of Ovia Health is being removed on January 1st, 2026	Not available for all plans on or after January 1, 2026.	Not available for all plans starting January 1, 2026

The information in this summary represents a high-level overview of changes. Please refer to the 2026 Blue Solutions brochure for information about our portfolio. For specific coverage information, please read your contract, member handbook, or benefits booklet carefully to determine which health care services are covered.
